“

I am delighted to recommend my executive coach, Latrice Torres, SHRM-SCP, who has been an invaluable support in navigating my career challenges. She helped me recognize my value and the unique contributions I bring to the table as a clinical development leader. Her guidance pushed me to strive for greater achievements and encouraged me to seek proper acknowledgments for my contributions.

To further advance my career, Latrice guided me to take a deep dive into my professional presentation. Rather than focusing solely on individual skills, she emphasized the importance of communicating the overall impact I've had in my career. This shift in perspective has been transformative in how I view and convey my professional journey.

Overall, her insights and support have empowered me to grow as a leader and present myself with confidence and clarity. I highly recommend Latrice to anyone looking to elevate their career and personal growth.
